Amendments to the Claims:

Please cancel Claims 81, 82 and 84 without prejudice or disclaimer, amend Claim 41, and add new Claims 86-93 as set forth below.

1-40. (Canceled)

41. (Currently amended) A pharmaceutical composition for treating a mood disorder or an anxiety disorder comprising:

(a) pipamperone in a dose of 5-15 mg,  
(b) a therapeutically effective amount of a selective serotonin re-uptake inhibitor, and a pharmaceutically acceptable carrier.

42. (Previously presented) The pharmaceutical composition according to claim 41, wherein the selective serotonin re-uptake inhibitor is citalopram.

43-78. (Canceled)

79. (Previously presented) The pharmaceutical composition according to claim 42, wherein citalopram is in a dose of 10-40 mg.

80-85. (Canceled)

86. (New) The pharmaceutical composition of claim 41 for treating a mood disorder.

87. (New) The pharmaceutical composition of claim 41 for treating an anxiety disorder.

88. (New) A pharmaceutical composition comprising:

(a) pipamperone in a dose of 5-15 mg,  
(b) a therapeutically effective amount of a selective serotonin re-uptake inhibitor, and a pharmaceutically acceptable carrier.

89. (New) The pharmaceutical composition according to claim 88, wherein the selective serotonin re-uptake inhibitor is citalopram.

90. (New) The pharmaceutical composition according to claim 89, wherein citalopram is in a dose of 10-40 mg.

91. (New) The pharmaceutical composition of claim 88, wherein pipamperon and the selective serotonin re-uptake inhibitor are present in an amount effective to treat a mood disorder or an anxiety disorder.

92. (New) The pharmaceutical composition of claim 91, wherein pipamperon and the selective serotonin re-uptake inhibitor are present in an amount effective to treat a mood disorder.

93. (New) The pharmaceutical composition of claim 91, wherein pipamperon and the selective serotonin re-uptake inhibitor are present in an amount effective to treat an anxiety disorder.
